

20th FX-FJ Nationals

28th - 31st December 2010
Shepparton. Victoria

Welcome Letter

Dear fellow Holden owners,

It only seems like yesterday, that we were in Beenleigh Qld enjoy the heat and the bloody humidity (Us Victorians can't take) and the wonderful event that the former AEHF worked on for 2 years and pulled off a very successful event.

3.5 members attending the nationals represented the Shepparton club and the 3.5 members put their hands up and said we would run the next nationals in 2010. If I ever make a statement like that again, please remind me I should know better.

Any way since then we have had a record heat wave, stuff all rain in Victoria however Qld has had floods and parts of NSW have copped heaps of rain. We have also had the bush fires in Victoria in February and the country (In fact the world) has had an economic meltdown which when a non-profit car club is trying to promote a nationals in 2010 this is just great. (Remember I said before I should know better) well this is the time.

However we as a small group of people said we would do it, so we will keep smiling and try and put an event on that you all will be happy with.

The AEHF Inc committee is made up of following people:

Leigh Doonan
Jarred Mackin
Dallas Rundle
Leigh Mackin
Darren Maxted - Secretary
Narelle Maxted - Treasurer

Attached to this letter is an Entry form, Program of Events and some accommodation houses that have come onboard with discounts to help us promote the nationals in 2010. So get your act into gear and fill the entry form out attach the money and send it back ASAP to reserve your spot. We already have some entries.

Australian Early Holden Federation Inc (AEHF Inc)
